### Incredible India

One of the best-known is Nalanda, in the Indian state of Bihar. As a country, India has achieved all-round socio-economic progress in the last 70 years of independence.

### Fun Facts About Ancient India

The third geographic region in India is the plateau region in the southern and central portions of the country. The Indian Mutiny erupted in May 1857, when sepoys rose up against the British in Meerut and then massacred all the British they could find in Delhi. The traditional story is that Indian troops, called sepoys, mutinied against their British commanders because newly issued rifle cartridges were greased with pig and cow fat, thus making them unacceptable for both Hindu and Muslim soldiers.

### 10 things we need to change in India

India has become self-sufficient in agricultural production and is now one of the top industrialized countries in the world and one of the few nations to have gone into outer space to conquer nature for the benefit of the people. It was estimated that less than 8,000 of nearly 140,000 sepoys remained loyal to the British. The history of India is punctuated by constant integration of migrating people with the diverse cultures that surround India.

### 10 things we need to change in India

They were valued for their strength and their ability to reflect the sun and engrave metal.

### Fun Facts About Ancient India

The first country to consume sugar India was the first country to develop extraction and purifying techniques of sugar. Regardless, the current Parliamentary system, where our politicians believe they are rulers, not leaders, needs urgent review. If required, the elder statesmen could be part of an advisory council, sans any executive or financial powers.
