Actress Mayim Bialik Praises 'Life Changing' Vegan Documentary 'Eating You Alive'

There was once a time when I thought vegan diets seemed restrictive and extreme. Our bodies are perfectly capable of making full use of the nutrients in animal protein.

6 of the Biggest Lies Most Vegans Believe (#4 is the Worst!)

We have short colons and very long yet small intestines with lots of hydrochloric acid in our stomachs to break down animal meat. Can we say whether or not a well balanced, vegan diet is BEST for human health? Now you might hear vegans saying that meat and dairy is the root cause of these health problems but consider this; meat is a very, very old food and these health problems are pretty new to the scene.

Par bitēm, medu un vegānismu

Kaut arī joprojām zinātnieku vidē notiek diskusijas par to, vai un kā insekti izjūt sāpes un emocijas, ir droši zināms, ka insektiem ir nervu sistēma ar sāpju receptoriem, kas ļauj uztvert negatīvus stimulus, piemēram, pārmērīgi augstu vai zemu temperatūru, indīgu ķīmikāliju klātbūtni un mehāniskus savainojumus, un no tiem izvairīties nākotnē.

I also stated all arguments that related were welcome. Jenže to samo o sobě nestačí.

Debate Issue: Veganism

. A video blogger with a MD degree and a sharp sense of humor, along with, apparently, a quite unprepossessing career in medicine- decided to assault the film for the entertainment of his social media followers. Some people turn vegan to protest the way in which meat animals are born, raised, fed, and slaughtered.
