A small whirlwind about ten or twelve feet in diameter came down the river it was moving very slowly, not nearly as fast as a man could walk, against the wind which was very light from the N. The party left Royal Park in August 1860, to great public fanfare, with 15,000 people waving them off.

## The Victorian Exploring Expedition : diary of Burke & Wills, journal of Howitt, and narrative of Kin...

Victorian Exploring Expedition Records, Statements sent by members of the VEE to the EC. When Stuart learned that Burke and Wills were missing, he immediately offered to join the search for them. Nevertheless, it is equally remarkable that any documents survived to return to Melbourne at all, let alone still be in existence one hundred and fifty years later, given that three of the officers died on the expedition and the documents were subjected to the rigours of intense summer heat, wet season rains and being buried for many months in the desert.

## Papers of Burke and Wills Expedition

If my offer be entertained I will at once come down, only requesting that my expenses to and from Melbourne should be paid in the event of my not being engaged. Burke and Wills, however, ate the plants raw.

## Burke and Wills collection

Summary William Wills migrated to Australia in 1852 and in 1860 he was given the position of astronomer and surveyor with an expedition led by R. Next week: Searching for a way north from Coopers Creek.

**Diary of Mr. J. McKinlay, Leader of the Burke Relief Expedition, Fitted out by the Government of South Australia : McKinlay, John : Free Download, Borrow, and Streaming : Internet Archive**

Melbourne: John Ferres Government Printer. Mueller was appointed the task of transcribing Wills' nine field books of the journey from the Cooper

to the Gulf, journalist James Smith had Wills' diary of the return from Carpentaria, and Registrar-General, William Henry Archer, was given Wills' journal of their time at Cooper Creek awaiting rescue and also Burke's notes written in his small leather bound notebook. Howitt and Brahe examined the Depot Camp and Brahe advised him that it was as he had left it; he did not notice any trace of Wills final visit when he buried his books and note.

### **William Wright's Diary**

By then they already lost both their pack animals. Wills as the only chance of saving him and ourselves as well, as he clearly saw that I was no longer able to collect sufficient for our wants.
