## EXAMINATION

Solomon, MD, MPH; Rosalyn W.

## MOSBYS GUIDE TO PHYSICAL EXAMINATION

A completely updated art and media program-- consisting of 260 new illustrations, with all new examination photos, full motion video exams on the companion CD-ROM, a completely new 15-part video series, and expanded Health Assessment Online asset library -- further solidify Seidel's reputation as the best-illustrated, most media rich, physical examination textbook on the market. If I could choose all over which book to buy of the three, I would DEFINITELY buy this one. Explains the anatomy and physiology very well before explaining how to perform the examination and various symptoms and signs with explanation of common diseases ddx at the end of each chapter.

### [PDF] Mosby's Guide to Physical Examination

This is also better than the Schwartz which I own also. They approached Seidel four years ago—before the onset of his terminal lymphoma—and asked him to join in producing the seventh edition. .
