International Migration and Economic Growth: The Swedish Experience on JSTOR

The settlement of legal immigrants in Texas averaged around 50,000 annually throughout the 1980s. Leon Bouvier is a Senior Fellow at the Center for Immigration Studies and Adjunct Professor of Demography at the Tulane University School of Public Health. Between 1970 and 1990, about one million people immigrated to Texas.

International Migration and Economic Growth: The Swedish Experience on JSTOR

In 1970, the Mexican-born population of Texas numbered 209,000.

Perspectives on Global Development 2021: From Protest to Progress?

The total foreign-born population of the state increased over four-fold over the past 20 years — from 310,000 in 1970 to 856,000 in 1980 and 1. Instructions for Contributors at Cambridge Journals Online.

International Migration, Economic Development and Policy

Nearly 17% of people now living in Equatorial Guinea are migrants, compared to less than 1% as recently as 2005. Thus, even without any migration in or out of the state, Texas would still grow by about four and a half million over the next 25 years.

International Migration, Economic Development and Policy

By 2015, Hispanics will surpass Whites in the classroom and in 2020, they will comprise 45. This is particularly true as suburbs are extended farther and farther away from the central cities to accommodate the burgeoning population.

International Migration Outlook 2020

Immigrants have continued to come primarily from Mexico, and Central American and Asian countries, especially India and Vietnam. Asians saw their numbers grow by 27,000.

International Migration Outlook 2020

In 25 years, the population grew by 6.
