By what alternative formal strategies can we encourage spectators to become critical observers instead of becoming emotionally identified with characters and circumstances to the point that they are only signifying that a specific representation appears authentic instead of questioning the

social, political or ideological forces that are creating those circumstances? It then examines what an effective aesthetic of Christianity would look like based on critical analysis of select films, TV shows, and books. Currently, the Church has a Vatican newspaper and radio station, but their effectiveness is questionable.

## **Rasismo**

Reel Women: Pioneers of the Cinema, 1896 to the Present. The medium shot is used to keep all of the dialogue and the performances of the actors intact, like a stage play, and provides an economical way to shoot by reducing the amount of editing needed to put the film together. In addition to analyzing how the process of racism is articulated in specific films, Reel Racism examines how specific meanings can resist their function of ideological containment, and instead, offer a perspective of a more collective, egalitarian social system-- one that transcends the discourse of race.
