### History of the Roman Empire

Rarely, however, does a civilization actually succeed in purging a religion from their territory. He wanted to provide more localized leadership for an empire that had become too sprawling and complex for any one man to manage. The first five years of his reign were marked by the mildness and equity of his government.

### The Roman Empire (Bible History Online)

Today, Romans still know their country as the Imperium but non-Italians are wont to call it Roma and all citizens refer to the government of the state as Senatus or the Senate. There are 50 ministries run by the Roman government. Notice that in addition to temples to traditional pagan gods, the map shows a Temple of Vespasian.

### Complete Roman Empire Timeline: Battles, Emperors, & Events

The simple fact is that basically every single one of the greatest civilizations to spread across the Earth, the Romans included, did so at the expense of the territories it conquered. The Roman Senate congratulated Nero upon this fearful deed, while the philosopher Sepeca wrote a defense of the matricide.
