

# Advances in macromolecular carbohydrate research

JAI Press - Publications

Description: -

-  
Macromolecules -- Research.  
Carbohydrates -- Research.  
Carbohydrates. Advances in macromolecular carbohydrate research  
- Advances in macromolecular carbohydrate research  
Notes: Includes bibliographical references and indexes.  
This edition was published in 1997

Filesize: 16.103 MB

**Advances in Macromolecular Carbohydrate Research, Volume 1**

Several biomolecular binding systems, including protein-protein polypeptide , protein-DNA RNA , protein polypeptide -carbohydrate, protein-small molecule, DNA-small molecule, small molecule-small molecule, have been well characterized by CE. This book is the product of the authors many years practical experience and reading of the original literature.

In The Microbiological Safety and Quality of Food, pp.

**Advances in Macromolecular Carbohydrate Research, Volume 2**

Capillary electrophoresis CE has been abundantly used in the study of molecular interactions owing to such advantages as short analysis time, low sample size requirement, high separation efficiency, and flexible applications. This title addresses those areas in which the authors believe the most important work is being carried out.
