The most important institutions are the pension insurance institution, the nine regional health insurance funds, the general work accident insurance institution, the social insurance institutions for the self-employed i. The US did have some voluntary funds that provided for their members in the case of sickness or death, but there were no legislative or public programs during the late 19th or early 20th century.

### **Health Insurance Portability and Accountability Act (HIPAA) Definition**

The social security schemes are to be prepared and implemented by the government without wasting much time in the interests of the weaker sections of the society. It is clear, however, that national conventions for classifying absence vary considerably, so that no directly comparable picture can be provided. In the entire history of the national health insurance campaign, this was the first time that a ground swell of grass roots support forced an issue onto the national agenda.
