Wood Lab

Intrapopulation Number of parasites in an individual host can take the value of zero. Mortality among spiny sturgeon of the Aral Sea in 1936.

4 ecology of parasites part 2

Natural biological control isn't exactly a new technology -- it has, of course, been around for millions of years -- but employing beneficial insects to keep pest populations down is a relatively new practice. The parasite is responsible for the disease known as in Africa.

Evolutionary Ecology of Parasites

Alimentary tract parasites of haddock *Melanogrammus aeglefinus* L. In fact, some of them can actually be quite beneficial to humans and other living creatures.

Evolutionary ecology of parasites : Poulin, Robert, 1963

Parasitism also influences the movements of animals.
