In 2014, the Manchester Airport Metrolink route launched as part of the route expansion plans of the Manchester tramway, aiding transport to and from the airport to the city centre. It entered administration and ceased operations in 2017.

Manchester Airport

There are three terminals at Manchester Airport.

Manchester Airport

The number of railcards cannot exceed the number of travellers Please provide a rails card type.

Manchester Airport

Terminal 1's current capacity is around 11 million passengers a year, compared with an annual capacity of 2.

Flight Information and Updates

There are also minor local roads serving the airport from the north and the east.

Airport

Please adjust the number of travellers for your search.

Manchester Airport

This is located adjacent to Shuttle Parks and as a result, Shuttle Parks was renamed JetParks Plus.

Flight Search

While some other UK airports also have drop off charges Manchester Airport's charges are overall higher than those at any other airport.
