Creatures of the Past

Carrying a miniature pixiu is a common practice in the south of China.

Creatures of the past

Readers are taken deep inside the mind of the main character and narrator, Evangeline, with an engaging stream-of-consciousness writing style that starts off strong.

Creatures of the past

There are even reports of Bigfoot taking people away into the woods and keeping them for long periods. This is a unique debut novel by Crissy Van Meter. These creatures were mostly found in warm forests around the earth and ate plants.

Creatures of the past : Stidworthy, John, 1943

Unfortunately, for me, the technique began to drag on the flow of the story at about midway. We tumble, we float, we drown, and we resurface.

Creatures of the Night

They are all water, moving in and out of our lives, sometimes coming, sometimes going, but always leaving their mark on our hearts. Beautiful setting, gorgeous prose but a challenging format.

Medieval Knights, Ladies, and Romance: Magic Creatures of the past

Ancient gods may have been alien visitors with advanced technology. Here is a list of the top ten deadly creatures from that era ,that will give you goose bumps and haunt you in night. So that if any one is in Christ, he is a new creature: the old state of things has passed away; a new state of things has come into existence.
