But I live close to the Tiburtine column, near the spot where rustic Flora looks upon ancient Jove. To the middle ram of the three one of the Greeks suspended himself, so protected by the exterior rams on either side. Sputniks 5 through 10 four of which carried dogs were launched 1960-61; these were working models of the spacecraft that carried Yuri Alekseyevich Gagarin, the first human passenger, into space in 1961.

chapter 1

As place-names in eastern Scandinavia and in England indicate, peasants worshiped him because he brought the rains that ensured good crops.
