Teaching Children about Life Cycles

The second phase belonged to Mercury, the second-fastest planet, and ruled until the age of fourteen. This is the time when you begin to help around the house and learn how to be responsible with your studies and chores. The energetic umbilical chord is being tested.

The 4 Yugas or Epochs of the Huge Hindu Time Scale

This period is therefore very stressful both psychologically and physiologically.

Life Cycle

We are challenged to start anew, to refine and rethink our ways, but to remain committed to our dreams. Indeed, the rational mind has not yet been fully integrated into our nervous systems. Our humanity, with its rational and spiritual qualities, is now in front of our instincts, leading the way.

The Stages of Life According to Rudolf Steiner

During this stage, they shed their skin four or five times — as the caterpillar grows, its skin becomes too tight and splits open, revealing a new, larger skin underneath.

These Are the Seven Cycles of Life... And Then Some

One of the keys to this cycle is breaking away from the illusions that were created by parents.

The 4 Yugas or Epochs of the Huge Hindu Time Scale

It is also an excellent time for inventing things or dealing in inventions or for applying for patents or copyrights. From 14 to 22 years of age, Venus took control. This cycle is also very important because even though you love and cherish your biological parents, by the end of the cycle you might get a feeling that they will not pamper and take care of you for the rest of your life.

The butterfly life cycle!

It requires a lot of groundwork from your still fragile energy centers.
