Religion and children

In the Evangelical church, children are encouraged to accept Jesus as their Lord and Savior.

Children and religion

Product of a Working Mother - I had to close my door today when I started to read some of the comments on Liz Kelly's Celebritology blog.

Should Parents Choose a Religion for Their Children?

The Prophet gave her the right to repudiate the marriage. Or you can do it in the modern way, subtly, smoothly, quietly, by withholding the acceptance and approval which you and others have trained the children to depend on; or by making them feel that some retribution awaits them in the future, too vague to imagine but too implacable to escape. Yes, my son was sad when he didn't get a cupcake on someone's birthday, but he also learned from it - a teachable moment.

Religion and children

But don't be foolish enough to think it will inoculate your children against the evils of the world there were plenty of teen pregnancies in the choir, church camp, etc.

When Teens Reject Religion

And that makes me really sad, because I feel like my kids are losing out on a big part of who they are and where they come from. Privately funded schools can do whatever they want, within the limits of the province's educational standards; they can promote a particular religion if they want, but they should also provide the comparative stuff and they shouldn't be permitted to teach junk like intelligent design if they expect to be accredited as legitimate educational institutions. So again, be careful of using the threat of hell as a tool to coerce.
