Vladimir Tikhonov

The conclusion is that medieval Korea took carrot-and-stick approach to Buddhism and in response, playing as political advisors, subjects to the ruler, thaumaturgies, entrepreneurs, and even warriors, power-oriented monks ingratiated themselves with the state Buddhist policies for their sustenance on practical considerations, often violating the basic teachings of the Buddha and creating issues regarding their identity as monks. In particular, political, social, and economic diversification resulting from the invasions of Japan and Qing China from the end of the sixteenth century to the mid-seventeenth century was matched by cultural diversification, and the vernacular novel was a product of this milieu.

But in order to make legible the past, present, and future—in fact, in order to imagine this new audience in the first place, and to write for it—three changes needed to occur. The lecture deals with the attitude towards Stalinism and Maoism on the part of both social democratic and the so-called 'New' Left from the late 1920s and until the early 1970s.
