## Section 404 of the Clean Water Act: Permitting Discharges of Dredge or Fill Material

There he could pursue a strategy of defense and delay, shortening his lines and using the mountainous, jungle-covered terrain to his advantage. An Act to make provision for a national policy for water, for the conferring and discharge of functions as to water including sewerage and sewage disposal, fisheries and land drainage and as to recreation and amenity in connection with water, for the making of charges by water authorities and other statutory water undertakers, and for connected purposes. Returning veterans were successfully reabsorbed into the postwar society.
