Best MacBooks in 2021

There are so many options to customize the system to work just the way I like. That new chip allows the MacBook Air to get up to 15 hours of battery life per charge — you should expect to get around 12 based on your brightness, Bluetooth, and Wi-Fi settings. Unlike the 13-inch MacBook Pro with M1, the Intel version offers up to 32GB of memory, up to 4TB of storage, and four USB-C ports.

MacBook Pro 16

Desktop computers typically offer more bang for the buck than laptops in terms of power and performance.
