It is therefore likely that the rate at which households leave the social housing sector is the key factor in access to an affordable home. With respect to housing, the average property is more expensive in rural Scotland.

An Evening With the Royal Oak: The Country House Past, Present, Future With Jeremy Musson Lecture Report

The day ended, we must needs trail out to some place of amusement for the evening. Over time, three banks, a butcher and a bakery have all closed. In return we cooked two italian meals for them in order to show them our culture.

Life in the Past and Life Now

Considering areas by their rurality and sparsity, however income is measured; the most rural and the least sparse areas perform better. Bigger differences occur when looking at the availability of public transport required for these journeys.

Life in the Past and Life Now

When agriculture, forestry and fishing local units are excluded, this falls to 42 per cent of all local units. Some 75 per cent of rural units in both England and Wales have fewer than five employees; this compares with 66 per cent of urban local units in England and just under 60 per cent in Wales.
