In 1971, the relic of the head of Saint George was rediscovered in a cupboard in the Church of San Giorgio Maggiore by the American Medieval Historian, Kenneth M.

Treasures of Venice: private boat rent and tours

Our stories aim to accompany you in the discovery of the most interesting aspects of Venice and Veneto related to history and folklore, mysterious places and famous works of art, monuments and ancient traditions! Polyuktos in Constantinople were placed in front of the baptistery's south façade, creating an imposing entrance situation for visitors entering the city and church from the lagoon. In 1453, the Muslim invasion of Mehmet II took the city and in the following 295 years, Venice lost almost everything to the onslaught of the Ottoman Turks. Treasures of Venice: the Archaeological Museum The heart of the city also houses an important archaeological museum little known even to the Venetians themselves, which is located between the Marciana Library and the Napoleonic Wing and holds many finds from the Greek and Roman times, including the statue of Marco Agrippa who was originally located on the Pantheon in Rome.

The oldest nucleus is a part of the booty brought to Venice from Constantinople between 1204 and 1261 after the Venetian conquest. From the simple beginnings as eel trappers, salt panners and bargemen these settlers of the lagoons eventually turned Venice into the wealthiest merchant city in the world. When the Republic fell in 1797 part of the Treasure was pillaged.
