But if it were not a demonstration, what else could it be? When modernity is explained in terms of history, it is said that the world first experienced renaissance, and then, enlightenment and thereafter modernity and postmodernity. Whilst membership of all churches grew from 1850-1900 the nature of theology changed in that there was less preaching about eternal damnation and hell-fire.

Islamic Modernism and Islamic Revival

Like other watershed figures, Kant has contributed to the shape of world civilization, and the conceptualization we have of the world today. Following the implications of his mechanical description of physical substances, Descartes argued that force is reducible to the mathematical quantity of motion observable in matter. Especially in Japan, God's always has been a kind of flexible concept.
