Electronic Journal of Knowledge Management

Brown and Cole use a real-world example to show the benefits of socially shared cognition in the community. This survey shows how hard it is to integrate technology into the classroom when you have teachers that are trained or interested in doing so. *Journal of Computer Assisted Learning*, 24, 26-38.

Case Study in Education Research

The authors do a good job at introducing the idea that the sharing of information amongst other learners, artifacts which help to scaffold and the group, help to make the learning more authentic. After serving as an adjunct instructor at my current school, I was hired as our first academic advisor because of the arguments you make here.

CiteSeerX — Statistical Data: The Underestimated Tool for Higher education Management The Case of Makerere University by

They refer to this as the e-learning instructional model. The journal accepts academically robust papers, topical articles, essays, book reviews and case studies that contribute to developing knowledge management, intellectual capital and intangible resources research and practice. Following the C4P framework for communities of practice, the authors dissect the project within the areas of conversation, content, connections, and context.

Case Study in Education Research

Kop and Hill explore both the pros and cons of this theory as well as the challenges with integrating such a theory into an educational system that is not set up to handle such a system. This source is credible being as there are numerous references to support statements and the source has been peer-reviewed. Scaffolding knowledge construction through robotic technology: A middle school case study.

Higher Education in Management: The Case of South Africa

This learning theory seems to come up again and again in the research of integrating technology in the curriculum. E-learning: paradigm shift in
