## DUNGEON FIRE & SWORD THE KNIGHTS TEMPLAR IN THE CRUSADES 1991

Things never change this book covers several centuries of conflict between Islam and Christianity, between Sunni and Shiite, between various factions of Christians. Robinson provides a chronological history of the Templars that is based for the most part on historical fact rather than fantasy, mystery, hysteria or conspiracy theories.

While this book focuses on the history of the Knights Templar, the intrigue of political machinations between royalty, church, Mongols, Muslims along with the ebb and flow of open and closed arrangements to enhance power and position, should suggest to the modern reader that even more opportunity for nefarious dealings are possible today within the highest orders of society. Not because Robinson's writing is poor; He writes a compelling story about the Knights Templar.

## DUNGEON FIRE & SWORD THE KNIGHTS TEMPLAR IN THE CRUSADES 1991

A bit too much detail for me about the crusades themselves and the people involved, and not enough about the early development and subsequent involvement of the Templars. This book sheds some light on a small portion of the history and conflicts of several groups of the mystery religion of Babylon. Dungeons, Fire and Sword: The Knights Templar in the Crusades, by John J.

## DUNGEON FIRE & SWORD THE KNIGHTS TEMPLAR IN THE CRUSADES 1991

Compelling and comprehensive history of the Knights Templar and the Crusades.

They had been taxed, disenfranchised and persecuted to the point where they had appealed to Constantinople for aid -- aid that came in the form of the First Crusade.

**Dungeon, Fire and Sword: The Knights Templar in the Crusades 9781567316452**

The Templar were engaged for over three centuries in the hopelessly doomed Crusades that sought to return the dominion of the Holy Land to Christian control. The story of their faith and courage - and the horrors of their ultimate betrayal - has resonated throughout history.

A well presented and easy to read account, buy a copy and enjoy! Historical accounts written in nearly a novel form, including plot twists, side stories and little bias respect to many groups discussed. If they'd managed to carry off God's worldly treasures, they would have done something with them, and everyone would have known. While it's timeline follows the Templars it's an excellent primer on the crusades overall and medieval history of the Middle East.
