Japan in Perspective: Economic and Social Issues

We are also seeing negative effects of a warmer climate on agriculture, particularly on rice and fruit growing.

3 Economic Challenges Facing Japan in 2021

Japanese history already has a model case with a steady-state economy. Regional banks, already struggling with untenable business models, are taking on more risk just to stay afloat as near-zero and negative interest rates make turning a profit even more challenging.

3 Economic Challenges Facing Japan in 2021

Legislation was passed requiring companies to set numerical targets for how many women they would put in leadership positions, but these womenomics policies has not seen much success.

Social development

Cities will drive the future, so to compete globally Japan should give more resources and power to Tokyo — or what will become the Tokyo megalopolis, he said. On Thursdays, they sing together.
