Zhuge Liang

FcR+ suppressive macrophages were also shown to facilitate DC maturation when stimulated via FcR-mediated signals even in the presence of TGF-beta 1.

CURRICULUM VITAE

He purged the corrupted officials, relieved taxes, and restricted the nobilities's abuse of power against the common people. Miao fang bei lan Pt.

Liang an guan xi = Research into cross

Conversely, overexpressed RACK1 negatively modulates alpha2 I collagen transcriptional activity in TGF-beta 1-stimulated cells.

Wen zhong qiu jin hu li shuang ying : liang an guan xi xin ge ju xue shu yan tao hui lun wen ji = Pr...

We postulate that oxidation of specific amino acids in the latency-conferring peptide leads to a conformation change in the latent complex that allows release of TGF beta. Interestingly, patients with high CTGF expression had poor prognosis, suggesting that treatment aimed at reducing TGF-beta-dependent CTGF expression may offer clinical benefits.

Wen zhong qiu jin hu li shuang ying : liang an guan xi xin ge ju xue shu yan tao hui lun wen ji = Pr...

We hypothesized that as an alternative, implantation of autologous fibroblasts in the perinodal region would focally modify AV nodal conduction and that this modulation would be enhanced by pretreatment with transforming growth factor-beta 1 TGF-beta 1 , a stimulant of fibroblasts.

Zhuge Liang

We show through dual immunostaining of paraformaldehyde-fixed macrophages that such physiological TGF-beta activation is accompanied by a loss of LAP immunoreactivity with concomitant revelation of TGF-beta epitopes.

Hai xia liang an xie yi lan pi shu : 2008

Rat MCs cultured on flexible-bottom plates were subjected to cyclic stretching for up to 3 days and then assayed for TGF-beta mRNA, secretion of TGF-beta, and localization of active TGF-beta by immunostaining.
