

U.S. Fish and who?

Dept. of the Interior, Fish and Wildlife Service : for sale by the Supt. of Docs., U.S. Govt.
Print. Off. - U.S. Fish and Wildlife Service delists gray wolf

Fish story: According to a report by the U.S. Fish and Wildlife Service, the mean length of six-year-old rainbow trout in the
Kenai River in Alaska is 411 millimeters with a standard deviation of 41 millimeters. Assume these lengths are normally
distributed.

(a) What proportion of six-year-old rainbow trout are less than 440 millimeters long?

(b) What proportion of six-year-old rainbow trout are between 370 and 470 millimeters long?

(c) Is it unusual for a six-year-old rainbow trout to be less than 377 millimeters long?

Round the answers to at least four decimal places.
