Surat Al Bayyinah Arab, Latin & Terjemah Bahasa Indonesia

The vast, great distance between these two extremes of highness and lowliness of Man; although a very sensitive and dangerous status for him, indicates his dignity and capability of development. It is worthy to note that when speaking about the righteous, it also mentions 'doing good deeds', which is in fact the fruit of Faith, and indicates that a mere claim of Faith is not enough.

'Aqd ijarat al

They were the worst of all creatures, because all the means of salvation were being prepared for them, but they refused it intentionally, due to their pride, deceit and enmity. The books focuses on the issue of surrogate mothers from the Islamic legal point of view. A group of commentators have another idea on the contents of these verses.

'Aqd ijarat al

They are well-pleased with Allah because whatever they have asked of Him, He has given them and if they erred He forgave them by His Grace. So, why did they refuse to accept them? The descent of this verse, in Mecca, does not contrast with the idea that the Surah is Medinan, because it might have been revealed, again, there. It consists of six chapters: definition of a surrogate mother contract; conclusion of a surrogate mother contract; implications of such a contract; expiration of the contract; legality of the contract; and lineage determination for a child born as a result of a surrogacy arrangement.

Surah Bayyinah, Chapter 98

Count us among the followers of the man who deserves this title the best. By the way, this narration makes this fact clear that the term 'Shi'ah' was applied and was spread among Muslims by the Prophet S, himself, at that time, and it refers to the particular followers of Amir-al-Mo'mineen Ali as. It should also be noted that the 'fear of Allah' is the fear to offend His holy Law, the fear to do anything which is against His holy Will.
