Vie Sir Alexander Fleming

The father whose son had been rescued was of course very grateful. He was 59 at the time of his second marriage to Grace, and died when Alexander was seven. This town was gallantly defended by the Earl of March and Sir Alexander Seton.

I hope this evil can be averted.

La vie de Sir Alexander Fleming. by MAUROIS, André.: (1959)

The man looked and spoke insolently; and, as we drove on, he used some strong expressions about what he would have done had this happened within the bounds of his sheriffship. Alexander Fleming Alexander Fleming Faroe Islands stamp commemorating Fleming Born 6 August 1881 Lochfield, Scotland Died 11 March 1955 aged 73 Occupation biologist and pharmacologist Spouse Sarah Marion dec. Early in his medical life, Fleming became interested in the natural bacterial action of the blood and in antiseptics.

Penicillin: An accidental discovery changed the course of medicine

Bruce also appointed him to the offices of Sheriff of Dumbarton, and Governor of the castle of that name; and Walter, the High Steward, on the Feast of St Dunstan, 19th May 1321, rewarded him with an annuity out of the revenues of the Abbey and Convent of Holyrood, drawn from the barony of Cars. I hope this evil can be averted.
