### FWA

Projahnmo conducted a 1-day training in the first months of implementation to orient CHWs on the updated guidelines for management of infections in young infants. Retrieved August 9 2021 from PESHAWAR, January 28, 2010 Frontier Star : NWFP Minister for Population Welfare, Saleem Khan has urged the staff of Population Welfare Program PWP and especially the Family Welfare Assistants and Family Welfare Workers to perform their duties with full devotion and commitment and improve their individual performance in order to achieve the desired goal of the stabilized population by creating balance between population and resources. CVs support the MoHFW frontline health workers to gather information of births, maternal, or newborn deaths and refer sick newborns in their area.

### The Government Family Welfare Assistants, Health Assistants, and Community Health Care Providers in Bangladesh

Methods We followed a plan-do-study-act PDSA cycle to identify and address implementation challenges. The authors thank the study participants and Projahnmo field staff for their efforts in implementing the study, and the Ministry of Health and Family Welfare, Government of Bangladesh, for leading program implementation and for their support and collaboration in all phases of the study.

### FWA

JA and AB wrote the first draft of the paper.

### Impact on the performance of family welfare assistants for their involvement in Expanded Program on Immunization

This study was supported by United States Agency for International Development USAID through the Health Research Challenge for Impact HRCI Cooperative Agreement GHS-A-00-09-00004-00.

### The Government Family Welfare Assistants, Health Assistants, and Community Health Care Providers in Bangladesh

All women that delivered a live birth in the preceding 60 days of the date of survey were asked to participate in the morbidity and care-seeking surveys if caregivers were able to recall illness episodes. By: Taufique Joardar, Dena Javadi, Jessica Gergen, and Henry B.
