I would tend towards the lower figure. But if they survived their time here, then their crimes would be forgotten The Dirty Dozen is an Oscar-winning film about a gang of 12 convicted murderers and a rebellious US Army major who must lead them on a mission to assassinate Nazi officers during the Second World War. Zwischen den beiden Gruppen gab es viele Überschneidungen und Grenzfälle.

Their uniforms bore no unit designation either, save for a telltale red triangle on the sleeve. It is not for those who have read widely on the war in Europe since it does not provide further insight than would have been gained from other, better written works. Bei solchen, die direkt aus der Haft eingezogen worden waren, wurde die Reststrafe nur bis zum Kriegsende ausgesetzt.

Kayıtlı bir başka faaliyette ise askerler strychnine kullanarak çocukları zehirlemiş ve bundan büyük keyif almışlardı. Elbette kayıt dışı rakam da dahil edilecek olursa olayın vahameti katlanarak artacaktır. Over the course of the war the unit was implicated in campaigns of rape, mass murder and poisonings including injecting Jews with strychnine and watching as they died in agony.
