Napoleonic Armies: a wargamer's campaign directory, 1805

Grant's rules, so I halved the number of figures. Then I drew up a rough order of battle for each of the three main countries, based on giving each type of unit a points value, with a maximum number of points allowed per country. Oman is a perfect example but dismiss it? I think he may be a bit of a control freak, which could explain why he can't cope with people disagreeing with him and negative reviews.

prewwi

They are certainly important milestones in the story of English language Napoleonic historiography. I have Blanning on Joseph II, but haven't got round to reading yet.

Napoleonic Armies: a wargamer's campaign directory, 1805

Blue boards, gilt title to spine. Fold-out map and plan a little creased at folds. I'm basically interested in developing a simple system for a single player game my own case by circumstances on a board delimited by square cells to help me regulate shooting ranges and movements.

prewwi

They have nothing to offer and why waste one's time trying to teach pigs to dance.
