## MS in Social Policy

In August, FDR signed the of 1935, which guaranteed pensions to millions of Americans, set up a system of unemployment insurance and stipulated that the federal government would help care for dependent children and the disabled. The moral-spiritual infrastructure is incorporeal; it exists only in spirit.

## Proposals to Change Social Security

While the issues taken up came out of the life experience of the members of the parish or congregation, the impulse for political action did not emerge from reflection on their faith tradition, its inspiring texts, moral lessons, and action imperatives, or on the lives of its role models.

## Social policy

Data analytics developed as the multidisciplinary convergence of computer science, statistics, and cognitive sciences.
