## America's Dynastic Superrich Are Rigging the Rules to Protect Their Power

During World War I Myers supported the war effort by serving on the Creel Committee on Public Information which supplied anti-German propaganda. As for the aristocracy thing... So what? Broadly speaking, that can be accomplished either by broadening access to citizenship, or by reducing the extent of the privileges associated with citizen status.

## Gustavus Myers, *The Ending of Hereditary American Fortunes*, epilogue

These things cannot be bought by the writer, artist, music composer, dramatist and others in an extensive list. Joan teaches Annie to perform a to communicate with Charlie.
