## Mines and Minerals

The Department shall consider the short and longterm impact of the proposed mining on vegetation, wildlife, fish, land use, land values, local tax base, the economy of the region and the State, employment opportunities, air pollution, water pollution, soil contamination, noise pollution and drainage.

## Surface Mining Control and Reclamation Act of 1977

Abandoned Mined Land Reclamation provides for the reclamation of lands and waters affected by coal mining which have been abandoned, and satisfies the requirements of federal law to obtain funds for reclamation of such lands and waters. The Department of Transportation Act of 1966, Section 4 f states that the Secretary of Transportation shall cooperate and consult with the Secretaries of the Interior, Housing and Urban Development, and Agriculture, and with the States in developing transportation plans and programs that include measures to maintain or enhance the natural beauty of the lands traversed.

## Laws, Regulations, & Policies

The Surface Mining and Reclamation Act of 1975 SMARA, Public Resources Code, Sections 2710-2796 provides a comprehensive surface mining and reclamation policy with the regulation of surface mining operations to assure that adverse environmental impacts are minimized and mined lands are reclaimed to a usable condition.

## Laws & Regulations

The federal government is required to regulate surface coal mining on federal lands which include 60 percent of the coal reserves in the West , but can enter into cooperative agreements with states with approved programs. Sign at Indian Head Mine, near Beulah, ND. For leases on Indian lands, the delegation to the BLM appears at 25 CFR parts 211, 212, 213, 225, and 227.

## Conservation and Reclamation Regulation

The Department's approval of a plan shall be based upon the advice of technically trained foresters, agronomists, economists, engineers, planners and other relevant experts having experience in reclaiming surface-mined lands, and having scientific or technical knowledge based upon research into reclaiming and utilizing surface-mined lands.

## **Laws & Regulations**

The Gold Book provides guidance regarding how to comply with BLM regulations, policies, and guidelines across the entire range of development from planning to production. In the two states without approved programs and on, the Office of Surface Mining performs those functions.

## **Conservation and Reclamation Regulation**

Before heading to a CDFW facility, contact the to determine if that facility is open. The CWA aims to protect water quality through development of water quality standards, anti-degradation policies, water quality permitting procedures, water body monitoring and assessment programs, and elimination of point and nonpoint pollution sources. Chapter 3 deals with the history of the issues at hand-the earlier attempts by Congress to deal legislatively with the disposal of excess spoil, the enactment of SMCRA, and the concerns of OSM as it wrote its regulations.

## **Rules and Regulations**

The Service will encourage and help the academic community to conduct paleontological field research in accordance with the terms of a scientific research and collecting permit.
