## Strategic Planning Basics

Marching with Globalisation : Strategic management always walks with global trends and changes.

## Strategic Planning Basics

Bases of Strategic Management: 1.

## The Role of Strategy in Management

A unit with responsibility for the implementation of strategy becomes a convenient focal point for ideas that percolate up through the organization.

Formulating Strategy : The final step in the strategic management process is formulating the strategy and deciding on the implementation. As we discussed previously, almost everything an organization accomplishes is achieved by people doing things.

## Strategic Planning Basics

. To raise the voice of weakest sections of the society; and iii. A factor is considered a weakness only when a firm performs it poorly than the competitors in the industry.

## The Role of Strategy in Management

How to close the breach between strategy formulation and execution? They need to be both effective as well as efficient. It prioritized the initiatives to identify and gain buy-in on 16 Tier 1 projects.

## Role of Strategic Management

Integrative Role : Strategic management also plays the role of integrator.
