History & Mission — Minnesota Forestry Association

Not only have lawmakers not met the reductions they promised in the 2007 Next Generation Energy Act, they've actually allowed emissions to increase in most sectors of the state's economy.

Chippewa National Forest

Trees absorb carbon dioxide from the atmosphere and store it for hundreds and even thousands of years. Welcome to CFANS We're so excited to see all of you again—virtually and socially distant.

Minnesota's forests, land offer chance to cut greenhouse gases

Beyond their visual splendor, they provide shade, wildlife habitat and places to walk, bike, hunt and enjoy the outdoors. Forestry Consulting for Pine County, MN About Erik Eggen I earned a Bachelor of Science degree in Forest Management from the University of Montana, Missoula in 1988. — Ryan Gilligan Stan explained to me the benefits of having a Woodland Stewardship Plan for my property in northern Minnesota.

Minnesota Forests

The MFRC initiated a third revision in 2010 to address long-standing issues with the riparian area guidelines, but other topical areas were also evaluated for revision, and the entire revision process was completed in late 2012. There is 7,000 acres of natural forestland for sale in Minnesota based on recent Land And Farm data.

Minnesota Forests

More habitats mean the forest can support more kinds of Northwoods species like moose, pine marten, Canada lynx, northern goshawk and spruce grouse.
