## Architects' Data

Employment of glaziers is projected to grow 4 percent from 2019 to 2029, about as fast as the average for all occupations.

## Glass Samples & Literature

For more information on the range of toughened glass products available from SAINT-GOBAIN GLASS, please. Glaziers are on their feet most of the day moving heavy pieces of glass.

## Glass Samples & Literature

The glass in barriers with infill panels should be designed to resist the design infill loads that are appropriate to building occupancy, and to provide containment.

## Handbook of glass data. D: ternary non

On commercial projects, glaziers install items such as room dividers, display cases, and security windows. They may experience cuts from tools and glass, falls from ladders and scaffolding, and exposure to solvents. Workers who replace and repair glass in motor vehicles are described in the profile.

## Handbook of glass data. D: ternary non

With its worldwide reputation as an innovator of glass and associated products used in residential, commercial and high rise monumental buildings, G.
