## Yeohlee Spring 2013 Ready

Three of the gowns were cut from just seven meters of heavy, double-faced satin. The last dress out, a linen trapeze with three tiers of white silk satin organdy flags acting as an overlay, was based on a mathematical equation. Each have a direct, physical experimentation with their materials.

## Runway

Yeohlee trunk show: 10 a. Yeohlee, FW09, New York This is the first major exhibition in Dallas about the work of Yeohlee, whose name is synonymous with design innovation and artistic integrity. One of the most useful pieces of rain gear was a black polyurethane jacket with an adjustable hood that the wearer can conveniently tie under her chin like a kerchief.

## Yeohlee Teng

She sent out a pair of blood red toppers cut from boiled wool bonded with faux shearling. Breakthrough Her first collection, based on five one-size-fits-all functional black pieces, immediately sold at. Relevant content is included in the book YEOHLEE: WORK.

## YEOHLEE : WORK

The work is driven by the material, maximizing the use of each fabric by thoughtful consideration in cutting resulting in zero waste. Mulgrave Victoria , Australia: Peleus Press, 2003.
