Unreal Estate [PDF] Download Full

Places we visit weekly from the comfort of our own couches but can never actually visit in reality.

Topography & Cartography

Anchored by a diverse selection of naming controversies--in the United States, Canada, Cyprus, Israel, Palestine, and Antarctica; on the ocean floor and the surface of the moon; and in other parts of our solar system--From Squaw Tit to Whorehouse Meadow richly reveals the map's role as a mediated portrait of the cultural landscape. Clients unconvinced by a presentation are confirmed with persuasive talk. .

Spatial Behaviour

.

Her search then leads to Moravia to consider the monk-geneticist, Gregor Mendel, and finally to Bordeaux for Michel Montaigne--the hero of this book--who retreated from court life to sit in his chateau tower and write about whatever passed through his mind, thus inventing the personal essay. Peppering his writing with anecdotes from his own professional travels, de Blij expands upon his original argument, offering an updated work that is as engaging as it is eye-opening. Mama Turtle reminds him he has a fine home and should be content.

Topography & Cartography

Little did he know that through his efforts, that little 2,500-square-foot store would result in a regional supermarket chain of twenty-six stores with upwards of 2,500 associates.

New Releases

In this sense reality is an extremely personal domain. In *Atlas of Knowledge*, leading visualization expert Katy Börner makes the case for a systems science approach to science and technology studies and explains different types and levels of analysis.
