The Judge

This Caldecott awarded book is meant for children ages 4+, however, I found it to be a bit mature for anyone under the age of 7 due to some of the illustrations and the content matter. It isn't until what they were talking about appears does the judge believe them, but by then it is too late. My niece appreciated the rhymes in this story and she too thought it was funny, but only about 3 stars worth of funny.
