Statues at Large from the Magna Charta to the end of the Eleventh Parliament of Great Britain Cambridge: John Burges, 1761 This Primary source was far and away my favorite source, and the source which is most important to my research.

Description: The English catholic community, 1570

From the 16th century onward the status of parliament in Britain grew in power, while the authority of the sovereign was reduced thus making parliament the primary vehicle for legislation in the British Isles. The report highlights the little to no institutional discrimination that Catholics in modern day England face.
