Mingo National Wildlife Refuge Planning Intermittent Closures for Feral Hog Control

The remaining timber was cut by anyone without regard to ownership.

Mingo National Wildlife Refuge Planning Intermittent Closures for Feral Hog Control

This refuge management operation, paired with a larger eradication plan utilizing multiple tools, will substantially decrease the feral hog population on the refuge. The condition of the land was deplorable. Through careful management, most of the natural plants and animals were restored.

Visit Missouri

The 21,592-acre refuge lies in a basin formed in an ancient channel of the Mississippi River. Fisherman have to buy a pass and management at mingo does nothing for the fishermen. Also, the soil was not as productive as in other areas of the Bootheel.

Mingo National Wildlife Refuge Map, MO

Local sources claim that, at one time, the mill was the largest in America. Moss Tie Company was a large Bootheel lumbering operation, with its headquarters in. Moss was the largest tie contractor in the state, and many of their ties were cut from trees taken from the swamp.

Mingo National Wildlife Refuge (Missouri)

It was a leisurely walk with my 2 dogs. For more information contact 573-222-3589 or visit us online at fws. Went here in an effort to go fishing but ended up not doing so well.

Mingo National Wildlife Refuge

Taxpayers would b better served to improve the fishing at mingo. The Mingo National Wildlife Refuge is a 21,676-acre 87. Then, around 18,000

years ago, the river shifted, slicing its way through Crowley's Ridge to join the further north.
