Kōri no Sekai

Главный герой не хочет оставаться с начальницей, решая отправиться на приключения в одиночестве.

Japanese Word of the Day:

He adds a new edge to the instrument with his uncouth tongue and mildly wild appearance. However, Zen said that since he was an immature school boy, he failed to realize his feelings initially. Her mother died when she was a baby and, thus, she holds no recollection of who she is, although, she holds a natural curiosity about her.

Sekai no Owari

This is also due to Kirishima seeing how motherly Yokozawa naturally is towards his daughter, such as cleaning her clothes, cooking, and doing her hair. As they depart she vows to make him regret not choosing her.

Tsukiumi

Aside from this, she gets along well with Minato's other Sekirei; especially those she considers her direct rivals, Homura and Musubi. He also dreads the idea that, as Hiyori grows older, she will want to spend less time with him as she becomes more independent and entering the world on her own. Our cameras are fully ruggedized to withstand vibrations and high G forces, as well as extreme temperatures often below -40 degrees Celsius.

Zen Kirishima

Furthermore, she has a tendency to show a softer nature around Minato and has stated in a private conversation with Miya that she wants to become the strongest in order to stay forever with Minato.

Kaneki Ken

Note: There is a chance that I might discontinue this fan fiction. However, the two grew to realize that their constant bickering and fighting was on account of their attraction towards each other. Our cameras routinely survive the severe environments of supersonic flights, extreme winter sports, undersea exploration, and high explosive atmospheres.

Sekai no Owari

Kirishima knows that this isn't her shoving him away but rather her proving her independence and how he doesn't have to worry about her. Minato is the only one allowed to touch her body and once she went so far as to place Minato's hand to her exposed breast; even so, shortly afterward she considered this a brief moment of weakness. It was stated that he had tried and found of the apple left when doing it.

Sekai no Owari

Zen proved to be too scared to ask her out, leading Sakura to confess her feelings first and to start their relationship.
