The Swiss government withdrew coverage of homeopathy and four other complementary treatments in 2005, stating that they did not meet efficacy and cost-effectiveness criteria, but following a referendum in 2009 the five therapies were reinstated for a further 6-year trial period. Only then can the plant be gathered and employed in medicine. France has long had a stronger belief in the virtues of homeopathic drugs than many other

countries and the world's biggest manufacturer of alternative medicine drugs, , is located in that country.
