International Equities: Diversification and Its Discontents

Focus on these, and a different picture develops. Investor sentiment has become overly optimistic following the vaccine announcements,. We work with portfolio construction, with economic analysis day in and day out, and we still can't predict with a great deal of precision where returns are going to be headed in a day, a month, a week, a year.

Global Market Indices

Or 6x more concentrated in Japan than South Korea? The International Monetary Fund IMF projects that gross government debt for the G7 1 economies will rise by 23% of gross domestic product GDP in 2020.

Global Market & Economy Outlook 2021

But, before you start putting your money in investments outside the U.

International Equity

Emerging markets are often a category in high demand for international investors.

Global Market & Economy Outlook 2021

They pick a single well-known fund like the Vanguard Total International Stock fund or the MSCI EAFE index and assume it covers their basis.
