One of the largest, most distinguished, and innovative of the university presses today, its collection of print and online journals spans topics in the humanities and social sciences, with concentrations in sociology, musicology, history, religion, cultural and area studies, ornithology, law, and literature. In addition to publishing its own journals, the division also provides traditional and digital publishing services to many client scholarly societies and associations. Benötigst Du eine Leseempfehlung, Beratung oder Inspiration? It's a little dated now but it can't be beat for its brevity, while still not feeling shallow or trashy due to the aggressive use of demographic and statistical analysis.

The American Frontier Revisited

Since much of Stanley's work was destroyed in a fire at the Smithsonian, very few examples of his work remain to this day. After 3000 years of left-brain-hemisphere dominance induced by the phonetic alphabet and later typography, the age of electric and electronic media finally brought us back to right-hemisphere modes of perception and cognition.
