The positive result of this was mass education and mass professional training for women. Women are being discriminated in employment and career development, and this is deeply set in the commonplace mentality of both men and women. .

Институт проблем малочисленных народов Севера СО РАН [WorldCat Identities]

The ethnic and demographic parameters have been identified statistically; the research sketches average portraits of the main social groups of women of all main ethnic groups of the Sakha Republic, including the native. Book 2 editions published in 2004 in Russian and held by 30 WorldCat member libraries worldwide The multiethnic female population of the North has never before been considered as a component of the social structure with its own history, mental and behavioral patterns.

Институт проблем малочисленных народов Севера СО РАН [WorldCat Identities]

In the Soviet era woman was drawn away from the family, instead she became cheap manpower for the communist economy.

Институт проблем малочисленных народов Севера СО РАН [WorldCat Identities]

The main sources of the original data in the research were content analysis of the Iocat press, narrow-focused interviews with experts, and especially a survey with questionnaires sent to women in their places of residence, that has covered nearly eight hundred women selected by a specially identified sampling technique. One of the theories attested by the research considers fading of traditional ethnic settings of behavior and forming. The research is mainly focused on the study of the ways of forming the gender in the Yakutian society.
