**National Reforms in Vocational Education and Training and Adult Learning**

It was necessary to provide quality education for all children regardless of their socioeconomic background or where they lived. It has been decided that the Government will amend the Regulation on job titles and job complexity coefficients in public services on 5 th December 2019. Public consultations were opened because proposed documents are significantly different from the versions for which the public consultation process had already been carried out.

## Qualifications frameworks

Finland has consistently been among the highest scorers worldwide in the international assessment for student performance - a study carried out by the Organization for Economic Co-operation and Development. Conversely, 38 percent of Finns lived in urban areas but 47 percent of children there attended grammar schools.

## Edutopia

The fundamental value in primary education is the right to quality education for all students. It's a place for your child to play and learn and make friends. .

## Finland schools: Subjects scrapped and replaced with 'topics' as country reforms its education system

But from the age of eight months, all children have access to free, full-day daycare and kindergarten. Schools included in the pilot project 151 schools are equipped with a presentation classroom and an interactive classroom. The Regulation ensures implementation of the Directive EU of the European Parliament and of the Council of 11 May 2016 on the conditions of entry and residence of third-country nationals for the purposes of research, studies, training, voluntary service, pupil exchange schemes or educational projects and au pairing.
