### Lenin: What Is To Be Done?

#### “What is to be done? Burning questions of our movement”

Instead, leaders should lead the multitude while enlightening and educating the public. The forms have varied over time from self-contained revolutionary conspiracies to revolutionary terrorist cells to mass reformist parties confined to the parliamentary struggle. This is because the new division of the subject which accompanies an integrated perspective upon it no longer follows the division of labour which used to be, broadly, between disciplines.

He goes on to argue that to understand politics you must understand all of society, not just workers and their economic struggles with their employers. I don't possess faculties other do not, so what is it? Lenin thinks we need something deeper than economics and politics, we need to synthesize it with theory, and of course that theory is Marxism amen.

Once the most thoughtful of us came understand the bankruptcy of our previous strategies Lenin's little book became compulsory reading. Professor Yehezkel Dror The Hebrew University of Jerusalem I agree with most of the other reviewers on the technical printing faults and the atrocious English grammar in the translation. Some of the references that Lenin makes would have been easily known in his time though for us, checking the writings of Karl Kautsky and Plekhanov are recommended as with most of Lenin's works.
