**The Cornerstone (0786705248) by Oldenbourg, Zoe; Hyam..**

Originally published in Adventure 1926. Dante is cast as a knight fighting in the Third Crusade at the outset of the game. A figure resembling Peter the Hermit the fiery preacher who helped inspire the First Crusade publically berates Saladin for his actions and then returns to Europe to generate support for a crusade.

**The cornerstone**

Shipped to over one million happy customers. The film culminates in the equally fictional Canyon of the Crescent Moon, where Indiana Jones discovers a lone, seven-hundred-year-old knight guarding the Grail.

**Molash**

While Balian, Guy de Lusignan, Queen Sybilla, and the ailing Baldwin IV among others were all historical figures, their stories are greatly altered and embellished. John raises an army, and many of the characters from Habitation of the Blessed decide to journey with him.
